## Work On Larrimore Rd. To Start Mon.

This newspaper wouldn't guarantee the truthfulness of the following story, so, it is suggested that the following paragraphs be taken with a grain of salt.

It has been reliably reported that construction work will start Monday morning on rebuilding Larrimore Road in Pahokee from the Pure Oil Station to Farmers Market Road.

We have a letter on our desk from the State Road Department in Fort Lauderdale saying that construction of this road would "start January 25, 1965." And, here it is nearly the Fourth of July and not a spadeful of dirt has been turned.

One excuse after another has been offered for the delay in construction. One time the blame was placed on the phone company, saying that cable was in the way of construction. Another time the delay was blamed on the fact that the State Road Department did have personnel for inspection duties.

Anyway, it isn't long until Monday and we shall see what we shall see.

## Glades Road Work Set By Bond Issue

Governor Burns road bond issue—to be voted on in the special election this fall—will bring some much needed road building to the Everglades section of Palm Beach county. State Representative Emmett S. Roberts points out that the Glades area is coming in for its fair share of four-laning of certain roads under the program.

If the bond issue is passed statewide—and there is no reason to believe that it will fail to pass—State Road 80 between South Bay and Four Points in West Palm Beach will be four-laned. US27 from South Bay to Hialeah is in the road program and this particular piece of construction should save several lives in the future after it is four-laned.

Another stretch of road to come in for a four-lane construction job is SR7 from SR80 south to Margate in Broward county where the present four-laning stops.

Last week at a State Road Board meeting in Jacksonville contract was let for erecting several miles of guard rail alongside canals in Palm Beach county. Work on this particular job should get started within the next few weeks.

In this year's State Road Department budget there is a sum of money appropriated to retread SR15—the old road between Pahokee and Belle Glade—all the way from the bridge in Belle Glade via Pahokee to the intersection of SR700 in Canal Point. It is indefinite whether or not any work will be done on SR15 between the bridge in Canal Point and the Martin county line.

Mr. and Mrs. Kenneth C. Moon of Dania were the weekend guests of her sister, Mrs. Ralph Stanley, and Mr. and Mrs. Joe Hatton.

## Mrs. Rardin To Take Part Baptist Assembly

Mrs. Paul Rardin of Canal Point will participate in the Baptist Assembly planned for Stetson University next week June 7-11, according to Assembly Director C. J. Smyly, former pastor of the Canal Point Baptist church.

Mrs. Rardin will be the counselor for the girls in Chaudoin Hall at the University and will leave Canal Point next Sunday morning to take up her duties for the week. She will return Saturday afternoon.

## Dollar And Half Is Sweet Corn Price

Sweet corn price this week in the Glads is \$1.50 per crate and the supply is plentiful. One grower started harvesting 1200 acres of the delectable vegetable a week ago and has been running his packing platform full tilt since that date.

The celery prices is ranging from \$2.25 to \$2.75 and the supply is steady. Film wrapped hearts are quoted at \$3.85.

There are a few black eyed peas in the area and the going price has been in the neighborhood of \$2.00 with some of the best ones bringing \$2.25 per hamper.

The sweet corn yield in the Glades has been extra good with the dry weather but a story coming out of Zellwood tops 'em all for corn yields. One farmer, with excellent land in Zellwood section, reports harvesting 480 crates of corn to the acre. Yes, that is the correct figure—480 crates to the acre.

### June Baker Weds Val Gabaldon

Miss June Rosealea Baker of Gainesville and Valentine Gabaldon of Pahokee were united in marriage at St. Mary's Catholic Church in Pahokee Saturday, May 29, at 2 p. m., with Fr. Francis Fenech officiating at the double-ring ceremony.

The altar decorations featured baskets of pink and white gladioli and pompon mums with potted palms in the background. Mrs. Gerald O. Priebe of Gainesville, coloratura soprano, sang "Ave Maria," accompanied by Homer Jackson Carter of Belle Glade, organist.

The bride, daughter of Mr. and Mrs. Earl Baker, Trailer Estates, Bradenton, is a graduate of Kathleen High School, Lakeland, Manatee Junior College and the University of Florida, where she received a BA Degree in French and Speech. She is presently employed as administrative assistant for the Board of University Examiners at the University of Florida.

Mr. Gabaldon is the son of Mrs. Cecilia Gabaldon, 179 S. Barfield, Pahokee. He is a graduate of Pahokee High School and Palm Beach Junior College, and will receive a BA Degree in Political Science from the University of Florida in June. He is a member of Pi Sigma Alpha, Political Science Honorary Society, and plans to enter the University of Florida's Law School in September.

Miss Marie Gabaldon, sister of the bridegroom, as maid of honor and the bride's only attendant, wore a pink street-length satin gown, fashioned with pink satin cummerbund and nylon overskirt fluffed with white velvet. Her tulle veil, made by the bride, was fastened to a headpiece of crushed pink satin. She carried a cascade of pink carnations.

The bride's gown of white silk organza over bridal satin had a floor-length skirt ending in a train and was styled with a Bateau neckline and wrist-length sleeves.

There were lace medallions on the skirt, bodice and sleeves. The shoulder-length veil of white tulle flowed a crown of lace dotted with crystals and pearls. She carried a cascade of white carnations.

Adrian Gabaldon served as his brother's best man. Robert Cote of West Palm Beach and Edwin Wagner of Belle Glade were ushers. The home of Mayor and Mrs. Duncan Padgett, 601 S. Barfield, was the scene of the reception following the ceremony. Assisting were Mrs. Robert Cote of West Palm Beach, Miss Patricia Spragg of Lake Worth, Mrs. Gerald O. Priebe of Gainesville and Mrs. Ronald Ter Haar.

After the honeymoon at Daytona Beach, Mr. and Mrs. Gabaldon will be at their home, 1011 N. W. 3rd Ave., Gainesville, after June 2.

### Fla. Arts Council Has Annual Session

TALLAHASSEE—An executive session of the Florida Arts Council board of directors was held in Tallahassee recently to complete plans for the second annual congress to be held in St. Petersburg, June 10-12, at the Outrigger Inn. The statewide organization acts as the advisory committee to the Florida Development Commission.

Members of the Florida Arts Council are drawn from the fields of architecture, art, crafts, design, drama, dance and music. Council members represent universities, state art organizations, museums, community theatres and symphony orchestras.

Theme for the three-day meeting will be "Florida's Cultural Crossroads." Sessions will include work shops, a theatre night, panels and entertainment. Feature speakers at the Congress will be Roger Stake, director of the Florida Development Commission, and Charles Mark, consultant to the National Council on the Arts.

St. Petersburg has more than 5,000 benches that line its streets and parks.

### Florida P. U. C. Has New Name

TALLAHASSEE—The Florida Public Utilities Commission is now the Florida Public Service Commission as the result of an act passed by the Legislature and signed into law by Gov. Haydon Burns.

This is the third time the Commission's name has been changed since it was established in 1887 as the Railroad Commission.

Back in 1946 it became the Railroad and Public Utilities Commission and in 1963 the reference to railroads was dropped and the agency became known as the Florida Public Utilities Commission.

"Our new name describes better the board area of responsibilities with which we have been charged," commented Commissioner William T. Mayo. "We believe the new name will more accurately reflect our determination to perform them honestly and efficiently in the public interest."

Florida's transportation industry, including motor carriers as well as railroads, and a wide variety of utilities—electric, communications, natural gas, water and sewer—are regulated by the commission.

### Night Performances At Water Ski Show

NEW YORK—Two night performances of the free Florida Citrus Water Ski Show at the New York World's Fair will be added June 12.

"Popular demand and the overwhelming success of the show in the Florida exhibit have motivated the state and the fair to take this action," Gov. Haydon Burns said.

The show opened May 8 with four afternoon performances. It has already played to over a quarter of a million people, according to Burns.

The American Water Ski Association has its headquarters in Winter Haven.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{2}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installment are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for aid. And money saved by individuals helps keep our economy sound.

## YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

The Canal Point Methodist WSCS held their regular meeting Tuesday at 8 p.m. in the Sunday school building with Mrs. Elmer Maxson presiding. Mrs. W. K. Buchanan was in charge of the worship and pledge services with Mrs. Maxson serving as hostess. The group voted to disband during July.

### Young Ho! Chevron, Says Standard Oil

LOUISVILLE, KY.—"With the rapidly increasing percentage of motorists in the 18-39 bracket," said Ralph Wooton, advertising manager of Standard Oil Company (Kentucky), "we decided to slant our 1965 gasoline advertising directly at this market, and adopted as its theme 'Young Ho! Go Chevron' . . . Put that Young Ho spirit in your car!"

"We also feel that with the advent of affluence and security, continuance of youth—or even just the illusion of youth—is one of the greatest desires of people in all age brackets."

Most motorists assume that petroleum products offered at Standard Oil stations are of top quality, and for us merely to repeat this belief and back it up with technical data would leave most customers indifferent.

"With the great volume of advertising to which people are exposed today, we believe they would prefer to be amused by whimsy, rather than technically informed through factual data or scientific

argument. We feel that 'Young Ho! Go Chevron' will attract their attention and impress the fact that Chevron gasolines are modern, lively motor fuels."

Electric boats ply the waterways of Cypress Gardens for those who prefer not to walk.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
